- + Accurate printing
- + Efficient and affordable

The TMI Rabbit line of small presses and printing accessories provide the growing shop, school, studio, or test lab a range of affordable options:

Small vacuum tables with built-in counterweights and register adjustment – Ready to print on a table top in minutes. Stores away in a closet. Professional results, easy set-up. Height adjustable for 3D objects.

Combo Exposing Unit and Vacuum Table – Innovative set-up with exposing frame for making screens and removable vacuum table printing top. Includes hinges and kickleg. Perfect in small spaces. Optional washout booth.

Micro Register Hinges – A robust and heavy duty hinge set with x – y, diagonal, and height adjustment. Easily mounts to any table surface. Hinges can be adapted to small screens or large frames.

Precision CD and small object printer – Upgraded CD model. Unit is equipped with a flat vacuum bed with micro register, print area 9" x 12". Vacuum shutoff. Custom machined jig attachment converts to a CD printer.
